MESSAGES

now

From the faculty

Professor Yeong Wai Yee  
Acting Chair

“

To our graduates, congratulations! Today marks the culmination of your hard work, dedication, and perseverance. It is such a privilege for us at MAE to have walked this learning journey with you. You now have the skills and knowledge to make a profound impact on the world around you.

Remember, graduation is just the beginning of a new journey. As you move forward in your career, I urge you to embrace the challenges and opportunities that come your way, and don't be afraid to dream big and work hard to achieve your goals.

Most importantly keep learning: Learning is a lifelong process. Continue to seek new knowledge, skills, and experiences to stay ahead of the curve.

The world is constantly evolving, you must be willing to adapt and embrace change. Remember to be open to new ideas and opportunities that come your way.

In whatever that you do, pursue a path that you are passionate about, and choose a way forward that aligns with your values and goals. Doing so will give you a sense of purpose and life-long fulfillment.

There will be ups and downs in the coming years, I hope that you will always be grateful to the people around you and appreciate the small things in life. Gratitude will help us to stay positive.

Finally, I want to remind you that you are not alone on this journey. You are now part of our big MAE alumni family! Please stay connected with your fellow graduates and the school, where we will always be here to support you.

Remember to keep learning, keep improving, and keep making a positive impact to the world.

Once again, congratulations. May you continue to thrive and succeed in all that you do.

”

“

Graduating is exciting! Entering the working world may seem daunting but it's also full of opportunities. Embrace the world with open arms and don't forget that you'd grown up in Nanyang campus. May the new dawn shower you with good fortune, prosperity and good health!

”

Assoc Prof Li King Ho, Holden  
Assoc Chair (Students)

Asst Prof Ng Bing Feng  
Asst Chair (Students)

“

All the best in your future endeavours! Wishing you success in life!

”

“

Wishing you a bright and prosperous future ahead. May you always cherish your happy and 'exciting' memories of your time in MAE.

Dr Heng Kok Hui,  
John Gerard  
Asst Chair (Alumni &  
Development)

”

Prof Ooi Kim Tiow

“

Dear Class of MAE 2023, Congratulations on your graduation, class of MAE 2023! Your hard work and efforts have finally paid off, and I am proud of all that you have accomplished. As you move on to the next chapter of your lives, I wish you all the very best in whatever you choose to pursue. I strongly believe that you are equipped with skills and knowledge necessary to succeed in any of your chosen field. Remember to stay curious, continue to learn, and never stop exploring your passions. I have no doubt that you will go on to make a positive impact on the world. Once again, congratulations and I wish you every success.

”

“

Congratulations, graduates! As you step into the world, believe in yourself, embrace the unknown, stay resilient, seek knowledge, nurture relationships, and find joy in your pursuits. You are capable of greatness. Trust in your abilities, take risks, and never stop learning. Remember, setbacks are temporary, and success is defined by your inner happiness. You have the power to make a difference. Go forth with confidence, passion, and a determination to leave your mark. Congratulations again, and may your future be filled with endless possibilities.

”

Prof Chan Siew Hwa

“

Cheers/Jiayou! Best wishes to a new chapter & new beginning in your life!

”

Assoc Prof Chou Siaw Meng

“

Dear students, a BIG congratulations on graduating and all the best for your next adventure!

”

Assoc Prof Hou Han Wei

“

Dear Class of 2023, Congratulations on your graduation! You have come a long way and finally completed your bachelor's degree. It is another great milestone in your life. Now, you are an NTU Alumni. Do continue to work hard, work smart and plan your career. Above all, take good care of your health. Remember work is just one part of your life. You're more than work. Learn to balance your work, family & relationship, friendship, hobbies, and interests. If you require any career assistance, please feel free to reach out to me. Stay in touch via LinkedIN!

”

Mr Caleb Chew  
CAO Office

# Messages from Presidents

"Dear Class of 2023, a very happy Graduation to all!

These past few years have been really tough for some, and it is amazing to see how each one of us pull through. Graduating is a chapter of our lives closed, but it also represents another chapter starting. I sincerely hope for the best for everyone and that you have found your calling. Coming into MAE where I have met so many new people and made new friends are few of the reasons why MAE was the best decision I have ever made. I hope that you had fun being in MAE too!

Life does not come with an instruction manual and we are about to enter a world that is equal parts exhilarating and unpredictable. The friendships forged over these few years could be pivotal in our lives down the road.

As we venture out into the great unknown, let us carry our wild spirit, our thirst for adventure, and our never-give-up attitude. Dream big, follow your passions, and never be afraid to try something new.

Congratulations! May your journey be filled with joy, success, and endless possibilities!"

Sng Jing Hui Gabriela  
NTU MAE Club

Chinmay Bhandari  
NTU Aerospace Society

"To the Class of 2023,

At the outset, congratulations on completing this MAidEn Voyage in the career path of your choosing. It was not an easy journey, but you all have made it through the ups and downs, creating lifelong memories to share with your dearest friends. Prepare yourselves for a hell of an adventure ahead, but one thing I can guarantee is that you all would kill it. People say life is not a race, it's a marathon. But today's world demands aggression, so don't stop. I wish you the best in your future endeavours.

Lastly my dear friends, remember this, scientists investigate that which already is, engineers create that which never was!"

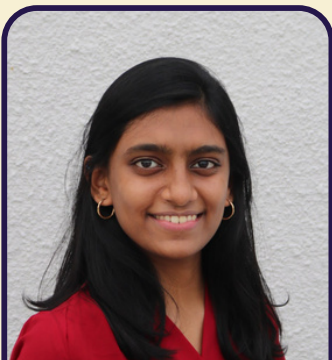

# Messages from Presidents

"To the Class of 2023,

Congratulations on completing your adventure in MAE. The journey was filled with amazing stories and unforgettable memories. We were lucky to go through ups and downs with the support from professors, classmates, and friends. To those who joined MAE Robotics Club and team MECATRON, I am truly grateful for your enthusiasm and wish you all continue pursuing dreams in robotics. To all fellow friends in MAE, it had not been easy years with all the projects and assignments. And we should all be proud of ourselves. Last but not least, wherever you will be, I wish you all a wonderful future."

**Zhao Yuxuan**  
**NTU Robotics Society**

**Shrivastava Samruddhi**  
**NTU LDP**

"To the Class of 2023,

I hope the last 4 years have widened your horizons and brought you new and wonderful experiences, as they have for me. Even though our experience was, at times, almost defined by the pandemic and the challenges it brought, you all pulled through each obstacle; it was inspiring to see. I hope sincerely your undergraduate degree is a time you'll reminisce about fondly, and the various clubs we stand for would have brought you a sense of togetherness and belonging. Wishing you the best in your future endeavours!

Cheers,  
Sam"

# Words from Valedictorian

Seah Kai'en Kryan

"Dear esteemed faculty members, fellow students, and dear juniors,

As I stand at the threshold of a new chapter in my life, I find myself reflecting on the invaluable journey I have had at this esteemed institution pursuing Mechanical Engineering. Today, I want to express my deepest gratitude to this university for providing me with an exceptional education and a platform to nurture my passion for engineering.

To my dear juniors, I want to convey a message of encouragement and inspiration. Embrace every opportunity that comes your way, for this is the time to discover your true potential. Emphasize the importance of hard work, perseverance, and dedication in your pursuit of knowledge. Remember, success is not merely measured by grades or accolades, but by the impact you make in the world through your engineering skills.

As I bid farewell to my alma mater, I would like to express my heartfelt appreciation to my professors for their unwavering guidance and mentorship. Your expertise, patience, and willingness to go the extra mile have shaped me into the engineer I am today. I am eternally grateful for the knowledge and skills imparted to me, which will undoubtedly pave the way for my future endeavors.

To my fellow graduating students, I extend my warmest congratulations. We have reached this milestone together, overcoming countless challenges and celebrating shared victories. The friendships we have forged and the memories we have created will forever be cherished. Let us carry the lessons learned from our time here and use them as a driving force to shape a better world.

As we embark on our respective paths, let us remember the power we possess as engineers to shape the future. Let us strive for innovation, sustainability, and ethical practices, leaving a positive and lasting impact on society. May we never cease to learn, adapt, and embrace the ever-evolving world of engineering.

To my juniors, I entrust the legacy of our department and the responsibility to uphold the values of integrity, curiosity, and teamwork. As you continue your educational journey, I implore you to push boundaries, explore new frontiers, and dare to dream big. Embrace challenges as opportunities for growth, and remember that the greatest achievements often arise from overcoming the greatest obstacles.

In conclusion, I express my deepest gratitude to this institution, my professors, my fellow students, and my juniors for the profound impact you have had on my life. I leave with a sense of pride, armed with the knowledge and skills that will enable me to make a difference in the world. Farewell, and may our paths cross again, united by the common thread of engineering excellence.

With warmest regards,  
Seah Kai'en Kryan"

# MEMORIES FROM CLUBS

Let's take a trip down memory lane to the events the various clubs have done for AY22-23!

# MAE CLUB

**Above:** Students collecting their goodie bags on MAE Day

**Left:** Prize giving ceremony at Sports Festival by MAE club

**Below:** Students enjoying their complimentary dinner during Investiture

## LEADERSHIP DEVELOPMENT PROGRAMME

Above: LDP Members during their Leadership Speech Series

Left: LDP during their Youth Network Workshop Series where they taught kids skills such as Arduino

Below: LDP guiding kids during a recent workshop

## ROBOTICS CLUB

Above: Robotics Club organising a fun and exciting robot competition where teams had to design a fire rescue robot

## AEROSPACE SOCIETY

Above: Aerospace Society hosts fun activities with gliders for students to have fun while learning more about aerospace

YOUR

MAE JOURNEY

# FRESHMAN YEAR

A warm, exciting and fun programme by seniors to welcome everyone into the faMAEly!

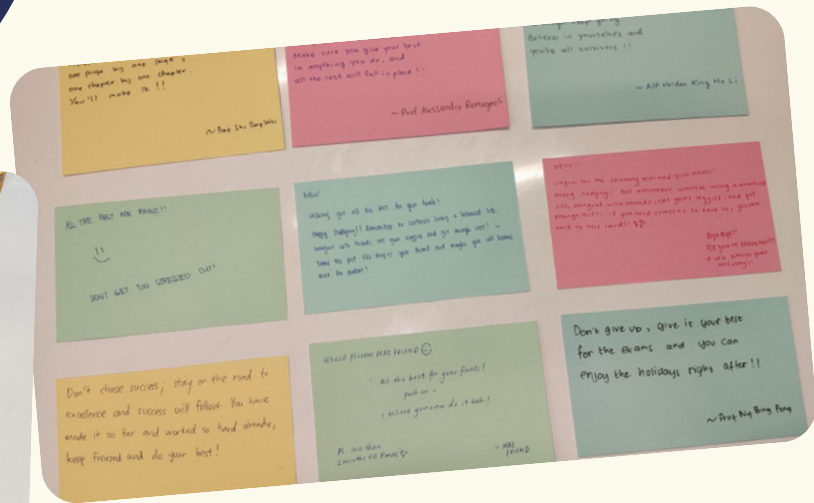

## INITIUM

The start of a new journey in MAE!

Making new friends, building on existing friendships!

# MAE MOTIVATION

# COVID STRIKES: S/U SEM

Making the best of what we have through virtual meetings and orientations despite difficult times!

# EVERYTHING ONLINE

# SOPHOMORE YEAR

Photo submissions from you!

Your cohort mates' favourite MAEmories!

EID

# JUNIOR YEAR

Adjusting to living with COVID!

BACK TO PHYSICAL!

Gaining new experiences and seeing new sights!

INTERNSHIP & EXCHANGE!

# FINAL YEAR

The Final Push!

FYP

The end is near!

MAE WEEK

Played many fun arcade games and receive prizes!

Some fun in the sun!

# SPORTS FEST

De-stressing before finals!

"Last year to enjoy your school life! Hope you had lots of fun joining various events, trying out different ccas! Be impulsive! Be enthusiastic! A new era is ahead of you!"

"Good job Y4s! You have lasted this 4 long years and hope yall will go out there to bring a true impact!"

"Congrats for graduating :D  
All the muggings, night crams and tedious group projects have all paid off.  
If you ever feel lost, always remember no one actually knows what they're doing, they're just figuring it out.  
All the best for your future!!"

"Wish you all the best in your future career/ endeavors!  
Hope you enjoy and have fun in your uni life!"

Well wishes  
from the  
cohort!

"Let your last sem be your best sem!"

# WHAT YOU SAY ABOUT...

Toughest  
Module Ever!

"Engineering  
Graphics"

"Heat Transfer"

"Dynamics"

"Control Theory"

Easiest one!

"Intro to Electrical  
Circuits and Electronic  
Devices"

"Intro to DSAI"

"Kickstart Your Career  
Success"

FYP

"Amazing project"

"Torturous, but great  
satisfaction"

## Fav Quotes from Prof

"There will be a surprise quiz next week" -Prof Sameer

"Easy right? Alright, VERY GOOD!"

"You're an Engineer. Anything spoil, you fix it. Don't keep buying new things."

## Perfect Study Spots

"Arc"

"Lee Wee Nam Library"

"N3.2"

"Anywhere not near MAE building"

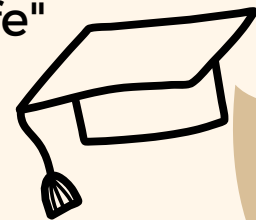

"Hall"

## Memorable Moments

"MAE Orientation"

"Back to back papers and two exams in a day"

"Hall Life"

# 3 WORDS FOR MAE

School of Mechanical and Aerospace Engineering

"It was awesome"

"Fun, Cool, Exhilarating"

"Regrets, Fun, Goodbye"

"Much  
Amazing  
Experience"

"Swee chai butterfly"

"Fun, Easy, Memorable"

# Congratulations on your graduation!

A NEW CHAPTER OF YOUR LIFE BEGINS!

SCHOOL OF MECHANICAL AND  
AEROSPACE ENGINEERING
